

**Visit the  
George Bush Presidential  
Library & Museum for an  
out of this world field trip!**

Featuring the temporary exhibit  
*Beyond the Moon: NASA's  
Continuing Mission*

To complement your free visit, the Education Department is now offering the following space themed classroom activities:

**Kinder –  
3<sup>rd</sup> Grade**

**Launch Time & Straw Rockets**

Your students will learn about shuttle launches through videos, countdowns & sequencing. They will also make a straw rocket to take home!

**4<sup>th</sup> Grade –  
7<sup>th</sup> Grade**

**Aeronautics & Paper Airplanes**

Your students will learn about aeronautics history then compete in a paper airplane challenge. This will test their aircraft's accuracy and flying distance!

**8<sup>th</sup> Grade –  
12<sup>th</sup> Grade**

**Field Trip to the Moon**

Your students will take a virtual field trip to the moon! In teams, the students will complete tasks and challenges that astronauts encounter!

**Each group that participates in a program listed above will have the opportunity to examine a MOON ROCK!**

**For reservations, please call 979-691-4006 or  
e-mail [bush.education@nara.gov](mailto:bush.education@nara.gov)**
